She expects to remain several weeks,  
the guest of Mrs. B. T. Estes.  
Two of our most prominent at-  
torneys, Messrs Charles Todd and Paul  
Jones, spent last Sunday in Marshall.

Judge L. A. Byrne left Wednesday  
morning for Shreveport; on a business  
trip.

Our handsome young friend, Mr.  
Willie Shea, took a run down to  
Shreveport to spend the Fourth and to  
look after his landed interest while there.

A crowd of gentlemen went out to  
the lakes Wednesday night to spend  
the Fourth fishing, so as to be out of  
the crowd in town on that day.

Among them were Hon. Charles Todd,  
Capt. C. S. Pitcher, Judge B. T. Estes  
and a good many others.

The glorious Fourth of July was  
celebrated here by most everybody. A  
grand picnic was in order at Park  
Belted. The band wagon paraded the  
streets in the forenoon, and then  
started out to the park, followed by a  
large crowd. There were about one  
thousand people on the grounds, a  
good many from the country. Dr.  
Beidler was the orator of the day. A  
match game of baseball was played by  
two teams of our town. The banks  
and post-office was closed all day, and  
a great many of the merchants closed  
their stores in the afternoon.

At night, the Legion of Honor  
were to have a dance at the park for  
the benefit of their order, but it com-  
menced to rain about night, so that  
knocked the dance in the head, but  
as a good many of the boys had made  
engagements with their girls, they got  
together and had a dance up town.  
Upon the whole, the day was spent  
very pleasantly by all.

Mr. Mayo of the Dallas Herald was  
in the city this week. He is a jolly  
good fellow.

Some of the young people here have  
organized themselves into an amateur  
dramatic association. Think they will  
favor us with a play in about a  
month.

Mr. John Meyers, a St. Louis drum-  
mer, and his estimable wife spent one  
day in town this week.

The Episcopalians are so well  
pleased with their last month's pic-  
nic that they think of repeating it  
soon. We wish they would, for we  
think that it is one of the best ways  
to amuse the people generally these  
warm summer nights.

Johnnie Blake of the Draughton  
House came up from Hughes Springs  
Monday, where he has been to open  
up the hotel there for the summer.

lively.

Ark., was in town this week.

shall where they have been attending  
school.

Miss Annie Grey of Jefferson is  
visiting in the city.

Miss Tex Whitehead visited Fort  
Worth on the Fourth and was de-  
lighted with the city and says the  
celebration was a grand success.

Dr. Grammer of Fort Worth is in  
the city. He came down to consult in  
the case of heart disease that we re-  
ported a few weeks ago. The doctor  
has made the study of  
heart disease a specialty, for he  
has been afflicted with it  
himself some time. We feel hope-  
ful that he will be able to give relief  
in this case. The disease affects him  
very strangely. As he came down  
Thursday he got off the train at Big  
Sandy and from some reason known  
only to himself failed to get on again,  
but after the Texas & St. Louis train  
arrived from Gilmer the mystery was  
solved and he took the next train for  
this place and arrived here at six  
o'clock, when he should have been

ing a few days with his friends, Mr.  
O. A. Hearn and family, is delat-  
ing with Texas and expresses it as his  
opinion that the Empire state is sec-  
ond only to his adopted state on the  
Pacific slope.

The normal class, though the at-  
tendance has not been large, there  
being only one as yet from Collin  
county, has been of marked interest.  
This week it is expected the num-  
ber will be largely increased. Even-  
ing lectures and literary exercises will

Morgan.

One of the most interesting social  
events of the week was the musical en-  
tertainment given by Mrs. J. W. Sims  
music class Wednesday evening to  
a large and appreciative audience.  
Many of the pieces, both vocal and in-  
strumental, evinced quite a high order  
of talent and showed conclusive evi-  
dence of the rapid advancement of the  
pupils under the thorough training  
of their accomplished teacher. We  
learn that a combined musical and  
amateur theatrical entertainment will  
be given this month under Mrs. Sims'  
management, the proceeds of which  
will be devoted to paying off the debts  
of the academy building.

returned on Sunday last from St.  
Joseph's Academy, Emmetsburg, Md.  
The other day they were so kind as to  
favor me with sweet music consisting  
of "Dichter und Bauer," "Robert the  
Diable," etc. I agree with what  
Thomas Moore says:

Muscle, oh how true, how weak,  
Language fails before thy spell;  
Why should I feel thee ever near,  
When thou canst laugh her a fool to me?

Your correspondent was so fortunate  
as to form the acquaintance of his two  
blooming girl cousins.

I'll love you both, my dearest cousins  
Forever and forever,  
And never forget till death divides,
